Dear Parent/Carer,

Firstly, we hope that you are all well and coping with your children at home as best you can.

Teachers have been working so hard to communicate with all the children in their classes and providing work on a regular basis.

We know that this is no substitute for being in school with the rest of our school community and we desperately wish for happier and safe times again.

Many of you will have watched Boris Johnson last evening and will no doubt have many questions about what this means for your children and family.

At this point we can't tell you anything new – we have not been provided with any guidance so for now things remain the same.

We expect that in the coming days we will be provided with greater clarity as how the return to school for pupils will work and as soon as we know we will of course be in contact to let you know.

When the children do return our priority will always be their continued safety and we work tirelessly to ensure this remains the case.

Please continue to take care and our many thanks for your messages of support and concern.

They are greatly appreciated.

Kind regards,

Gregory Doey
