

Pilgrims' Way Primary School Sports Premium

2020-21

Our Vision

At Pilgrims' Way School, we aim to establish a sporting culture that enables and encourages all children to play and enjoy sport. We have established a number of after-school clubs for our pupils offering a wide variety of sporting opportunities for our children. We enter numerous school sport competitions to allow children to be competitive and are constantly developing our PE programme.

We aim to:

1. Improve the quality of the school P.E. programme by:

- Auditing staff to highlight development areas
- Delivering P.E. focused staff training through staff meetings and INSET days
- Employment of sports specialist to teach pupils and mentor staff
- Investigate and explore good practice from other schools to further improve our P.E. curriculum

2. Provide additional training and coaching for children in school teams to develop their skills as part of our gifted and talented offer

3. Enter teams into a wide range of school sport competitions

4. Create inter-school sport competitions to provide further competitive opportunities for children

5. To ensure children are confident or able swimmers by the time they leave Pilgrims' Way Primary School

Sports Funding

The Government has confirmed that the £320 million PE and Sport Premium will continue for 2020-2021. The Government's aim is to continue to improve the provision of physical education (PE) and sport in primary schools. This funding will be allocated to primary school Headteachers. The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase.

All schools receive a lump sum of £16,000, plus a premium of £10 per pupil for 2020/21.

Purpose of funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching
- new or additional Change4Life sport clubs

- paying for professional development opportunities in PE/sport
- providing cover to release primary teachers for professional development in PE/sport
- running sport competitions, or increasing participation in school games
- buying quality assured professional development modules or materials for PE/sport
- providing places for pupils in after school sport clubs and holiday clubs

How will we be spending the Sports funding and who will benefit?

The Governors agree that the money must be used so that:

- all children benefit regardless of sporting ability
- that the most able children are given the opportunity to compete in advanced tournaments
- that staff have access to training opportunities and continued professional development

The Sports funding will be used to:

- Increase the skill level of staff in the delivery of quality P.E. teaching.
- Buy exciting and stimulating resources to facilitate the teaching of PE e.g. Wake & Shake.
- Increase participation in sport and PE by offering heavily subsidised after-school sports coaching.
- Extend after-school sports activities. We offer a range of school clubs, accessed by children from Key Stages one and two. We have built capacity by employing sports coaches to work alongside our teachers and have introduced additional clubs including Multi-Sports and Dance.
- Increasing playground activity at break times by introducing a range of different activities.
- Provide more opportunities for children to compete. We feel it is important that children have the chance to represent their school and take part in competitive sport against other schools, especially in specialist competitions.

The impact of the Sports Premium 2020/21

Action	Amount	Proposed Impact
Participation in the PE & Sports Network	£3600.00	<ul style="list-style-type: none"> • To encourage more able and mixed ability teams to take part in a range of activities, including football, cricket, benchball, netball, tag rugby, athletics, and a SEN sports day. • To ensure every child in KS2 takes part in some sort of sport competition (both competitive and non-competitive) through the PE & sports network. • To organise Inter-school competitions to encourage less able children to take part in competitions too. • To provide opportunities for children with SEN to participate and compete in all-inclusive games. • To provide continued CPD opportunities for PE/teachers to further teaching and learning practice within PE. Enabling lessons and clubs to offer excellent provisions and encouragement for children to reach full potential.
